Professional Summary

Frontend developer with 8+ years' experience, specialising in Magento 2 and Hyvä theming for high-performance, accessible eCommerce storefronts. I take work from Figma handoff to production-ready code. Strong focus on UI/UX, component-driven Tailwind/SCSS and WCAG 2.2 compliance.

Clients I've worked on include **Jaguar Land Rover**, **Yuasa Batteries**, **British Heart Foundation**, **Warner Bros. UK Store**, **Cord EV**, **Autoglym**, **Bathshack**, **CSSC Sports & Leisure** and **Bradfords**.

Experience

Frontend Developer - iWeb

March 2023 – Present · Staffordshire

Build + theme high-performance, accessible Magento 2 storefronts, including Hyvä Themes, from Figma handoff to production.

- Develop and customise **Magento 2 Themes**, **Hyvä themes**, including **Hyvä Checkout**
- Take ownership of selected client projects, such as the Frontend build of Yuasa Batteries, developing from Figma handoff through to launch
- Work closely and **collaborate** with the Frontend Lead on build approach, code reviews and delivery planning across client projects
- Build responsive, component-driven UIs with **Tailwind**, **SCSS** and **Alpine.js/JS**
- Translate Figma designs into pixel-accurate, maintainable frontends
- Audit and implement **WCAG 2.2 standards**: semantic markup, keyboard navigation, ARIA, contrast and screen-reader support
- Manage content and templating through **Magento CMS**
- Contribute to **internal agency tooling** that improves team workflow and delivery
- Improve **Core Web Vitals** scores across multiple sites and pages, such as **reducing CLS on CSSC Sports & Leisure to 0.06**

Frontend Web Developer - Web Vitality

April 2018 – March 2023

Built and themed eCommerce frontends across Magento 2 and WooCommerce.

- Themed **Magento 2** and **WordPress** storefronts with **LESS**, **SASS** and **JavaScript**
- Built responsive frontends with **Tailwind** and **Git-based** workflows
- Designed UI and user flows in **Figma** ahead of build
- Designed and built responsive **HTML emails**

Digital Assistant & Web Editor - Angel Media UK

August 2016 – January 2018 · Manchester

Edited and updated client websites through **WordPress**, including promotions and event content. Designed and built responsive web pages from initial layout through to launch, with a focus on usability.
