Portfolio: **bw-frontend.netlify.app**

Professional Summary

I'm a Frontend developer with 8+ years' experience, specializing in Magento 2 and Hyvä theming for high-performance, accessible eCommerce storefronts. Taking work from Figma handoff to production-ready code, with a strong focus on UI/UX, component-driven Tailwind/SCSS and WCAG 2.2 compliance.

Clients I have worked with include **Jaguar Land Rover, Yuasa Batteries, British Heart Foundation, Warner Bros. UK Store, Cord EV, Autoglym, Bathshack, CSSC Sports & Leisure and Bradfords.**

Selected Work

*See more details, screenshots and measured results at **bw-frontend.netlify.app***

- **Yuasa Batteries** (Magento 2): end-to-end theme, plus a bespoke battery lookup with the backend team
- **Bradfords** (Hyvä conversion): Magento 2 store rebuilt on Hyvä, from SCSS to Tailwind CSS
- **Bathshack** (Magento 2): Magento 1 to 2 rebuild with 20+ bespoke CMS templates
- **Warner Bros. UK** (Magento 2): CMS-to-checkout templates, theming and a Figma-matched mega menu build
- **Creative UK** (WordPress): Developed the site theme, as well as 15+ bespoke, editable CMS pages and templates

Skills

Platforms: Magento 2, Hyvä Themes, Hyvä Checkout, WordPress, WooCommerce, Eleventy

Frontend: HTML, CSS, SCSS/LESS, Tailwind CSS, JavaScript, Alpine.js, PHTML templating, Layout XML, Git, React

Quality: WCAG 2.2, Core Web Vitals, Lighthouse, Responsive and cross-browser testing

Design & email: Figma, XD, Photoshop, Wireframing, Responsive HTML email, Magento 2 email theming

Currently learning: TypeScript, Next.js

Experience

Frontend Developer | iWeb

March 2023 - Present - Staffordshire

Build and theme high-performance, accessible Magento 2 storefronts, including Hyvä Themes, from Figma handoff to production.

- Own selected client builds end to end, such as the **Yuasa Batteries** frontend, from Figma handoff through to launch + improving **WCAG** scores
- Convert Magento 2 stores to **Hyvä**, such as **Bradfords**, moving templates and modules from SCSS to **Tailwind CSS**
- Develop and customise **Magento 2** and **Hyvä** themes, including **Hyvä Checkout**, with responsive, component-driven UIs in **Tailwind, SCSS and Alpine.js**, matched closely to Figma
- Improve **Core Web Vitals** across multiple sites, including **reducing CLS to 0.06 on CSSC Sports & Leisure** and to **0.092 on APUK**
- Audit and implement **WCAG 2.2** standards: semantic markup, keyboard navigation, ARIA, contrast and screen-reader support
- Collaborate with the Frontend Lead on build approach, code reviews and delivery planning
- Contribute to **internal agency tooling** that improves team workflow and delivery

Frontend Web Developer | Web Vitality

April 2018 - March 2023

Built and themed eCommerce and brochure sites on Magento 2 and WordPress/WooCommerce.

- Built **Magento 2** storefronts end to end for clients including **Warner Bros. UK, Bathshack and Meteor Electrical**, including Magento 1 to 2 migrations
- Created **20+ bespoke CMS templates** for Bathshack, from home and showroom pages to a tile calculator
- Delivered conversion-focused **WordPress** builds: **+36% form submissions** for Life Choice Legal and **+26%** for Gray & Co
- Built an interactive, responsive SVG location map for Filming in England, **lifting pages per session by 41%**
- Themed with **LESS, SCSS, Tailwind and JavaScript** in Git-based workflows, designing UI and user flows in **Figma** ahead of build
- Designed and built responsive **HTML emails**

Digital Assistant & Web Editor | Angel Media UK

August 2016 - January 2018 - Manchester

Edited and updated client websites through WordPress, including promotions and event content. Designed and built responsive web pages from initial layout through to launch, with a focus on usability.
